

Progress on WEE follows a similar pattern across individual regions

This table includes the top 95 countries by GDP, representing 93 percent of the world's women. Each row represents one country and each cell represents that country's performance on a given WEE element.

NOTE: Each row represents one country (95 countries total)

REGION	FUNDAMENTAL ENABLERS				OPPORTUNITY AND INCLUSION			EQUALITY AND SECURITY	
	Mobility and safety in public	Education	Delayed marriage	Family planning	Property and assets	Digital inclusion	Financial inclusion	Policies to promote workplace equality	Alleviation of unpaid care work
